RECORD OF ADJOURNED TOWN MEETING MARCH 22, 1932

The adjourned Town Meeting of March 8, 1932 was reopened at 10:10 A. M. in the forenoon. This meeting was opened under

Article 5. The report of the sewer committee was then called for and was read by Fred R. Batchelder, who was elected chairman of the committee. This report was as follows:

March 22, 1932.

Preliminary Report of Committee on Sewerage Disposal Investigations at Hampton Beach, N. H.

The Committee appointed at Town Meeting on March 8, 1932 for the purpose of considering the Sewerage problem at Hampton Beach, held its first meeting on March 15, 1932.

After discussing the problem of sewerage disposal at some length it was agreed that it would be desirable to arrange for a conference with Dr. Howard of the State Board of Health to inquire as to the viewpoint of the State regarding the action taken on March 8 by the citizens in voting for the repair of the present system and such extension of the Casino outlet as may appear necessary or desirable.

Accordingly, a conference was held on March 16 at Concord, at which Dr. Howard and members of the Committee were present.

Dr. Howard was asked as to his viewpoint regarding the proposal to repair the present sewerage system, so as to obtain from it the greatest efficiency possible.

Dr. Howard pointed out that he found a bad condition existing at Hampton Beach, that it is essential that it be corrected and inquired whether, after the proposed repairs were made, the sewerage problem would be given any further attention. Dr. Howard was informed that the sew-

erage problem at the Beach is recognized, that it is the desire of the people to find a satisfactory solution, that they would feel unwarranted, however, in binding the town to embark on an expansive sewerage construction program, involving the expenditure of about \$75,000., such as that submitted at Town Meeting, without first giving the question more careful consideration and study in order to insure that the system would adequately serve possible further requirements of the Town proper as well as Beach and to determine the best method of carrying out the project so as not to impose an unnecessarily heavy financial burden in the form of higher taxes.

Dr. Howard replied that the State would not want the town to place itself under financial obligations that would be hard for the people to meet.

After further discussions of conditions at the Beach, including possible methods of satisfactory sewerage disposal, it was agreed by Dr. Howard that it would be satisfactory to repair the present sewerage system with the understanding that further study be given the problem and that any further necessary action be taken to insure that the sewerage disposal conform with the standards of the Board of Health.

Because of the short time available, the investigations which it has been possible to make have necessarily been limited. However, as a result of these investigations your committee desires to present the following for consideration.

1st. That in accordance with a vote taken at a town meeting on March 8, 1932 and the subsequent understanding reached between Dr. Howard and the Committee, prompt action should be taken to obtain the services of a competent contractor with suitable equipment for the purpose of thoroughly cleaning out, repairing and make the existing system workable.

2nd. That after completion of the repair work proper maintenance and attention be given the present system.

3rd. Your chairman recommends that the present committee be empowered to proceed with further consideration of the subject with the following points in view.

- a. To insure that any sewerage disposal project which may be found to be required in the next few years, will be the most economical, and at the same time fit into any future requirements which may develop.
- b. To give further study to plans and comparative cost.
- c. To obtain estimates and from these to outline a constructive program.
- d. To submit plans for financing the project.

4th. That the committee be given authority to draw upon the contingency fund in an amount not exceeding \$1000. to pay for any additional engineering advice or survey work which the committee may find to be necessary.

5th. That the committee make its report at the next annual Town Meeting.

FRED R. BATCHELDER, Chairman.

Motion: to accept the report of the sewer committee with its recommendations as read by Mr. Fred R. Batchelder, the chairman.

Voted: to accept and adopt the recommendations as read by the chairman.

Article 11. Call for a report of the committee. The report was made by Edward S. Batchelder.

Motion: to indefinitely postpone. This was not voted.

Motion: by John W. Perkins, That the Town of Hampton raise and appropriate the sum of \$500. for the purchase of seed clams to seed such certain part or parts of the clam flats as the selectmen may designate, and that such seeded

areas be closed for the period of one year, and warnings posted, and that this committee be reappointed to seed this area, and that it shall be unlawful for any person to dig any clams within such areas for the period of one year and that the following ordinance be adopted:

Section 1. It shall be unlawful for any person or persons to dig any clams for a period of one year from seeding within the area or areas which have been seeded and closed.

Section 2. It shall be Prima Facia evidence of a violation of this ordinance if any person or persons shall be found within this area or areas with implements for the digging of clams.

Section 3. Whoever violates the provisions of this ordinance shall be fined not more than \$10., or imprisoned more than 30 days.

This motion was: Voted.

Motion: to increase the present committee by six additional. This was: Voted.

The names of the committee are: Edward S. Batchelder, Charles D. Palmer, George P. Perkins, Charles H. Palmer, Fred H. Thompson, Ralph A. Mace, Armas Guyon, Charles H. Moody, Horace L. Bragg.

Motion to adjourn was voted.

Rockingham, ss.

Superior Court

Appeal for permission to hold Special Town Meeting of the Town of Hampton, Sept. 13, 1932. The Selectmen of the town of Hampton respectfully represent as follows:

1. That an emergency has arisen in said town of Hampton for which an immediate expenditure of money is necessary;

2. That the need, actual and threatened, of pauper relief cannot be taken care of by the appropriation made at the annual town meeting;

3. That the undersigned, as prudential officers of the town, believe that the town should permanently improve a section of town highway by borrowing money from the State of New Hampshire without interest and so give employment to as many as possible of those needing assistance in accordance with the letter of the highway commission to the chairman of the board of selectmen dated Aug. 22, 1932.

Wherefore, the selectmen of said town of Hampton respectfully appeal for permission to said town of Hampton to hold a special town meeting on Tuesday, Sept. 13, 1932.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to build a reservoir at Five Corners for the purpose of protecting the property in that district against fire.

Article 14. To see if the Town will vote to accept the report of the committee on sewage disposal for the town of Hampton.

Article 15. To see if the Town will vote:

Section 1. To raise and appropriate the sum of (\$120,000.00), 120,000 Dollars for the construction of a system of sewers and a sewage disposal plant and appurtenances thereto, including the acquisition either by purchase or by eminent domain proceedings of land or lands necessary for the construction of the sewers and plant, the same to be located and built in accordance with the recommendations contained in the report of the committee on sewage disposal;

Section 2. To raise the said sum of 120,000 Dollars by using the 5,000 Dollars now available in the Town Treasury for sewer construction and to raise by taxation 5,000 Dollars this year, and to authorize the Selectmen, according to whichever method they believe the more advantageous to the Town, to borrow the sum of 110,000 Dollars, either from the Reconstruction Finance Corporation or to issue and sell bonds of the Town of Hampton, in accordance with Chapter 59 of the Public Laws of 1926, at an annual rate of interest not to exceed 6 percent, payable semi-annually and being subject to call at the election of said Town, and to issue 100 bonds in the sum of 1,000 Dollars each and 20 bonds in the sum of 500 Dollars each, and this issue of the said bonds to be payable in blocks of 5,500 Dollars yearly in twenty annual installments, the first block payable in one year from the date of issue of said bonds, and the date of issue, the time and place of payment, of principal and interest, the fixing of the rate of interest, the provision for the sale of said bonds and all other matters in relation thereto to be left to the discretion of the said selectmen;

Section 3. To authorize the said Selectmen to proceed

to acquire either by purchase or by eminent domain proceedings, at a fair price to be established by the standard methods of assessment, such land or lands as the committee on sewage disposal may deem necessary for the construction of the said system of sewers and disposal plant;

Section 4. To spend the aforesaid sum of 120,000 Dollars in accordance with the said report under the direction of the present committee on sewage disposal, and to authorize the said committee to solicit bids from competent contracting firms for the construction and installation of the said sewers and sewage disposal plant and appurtenances thereto, to accept the most advantageous bid, to supervise the construction of the sewerage system and disposal plant recommended in the aforesaid report, to see that the articles of the contract are carried out and to accept the project for the Town of Hampton.

Article 16. To see if the Town will vote to instruct the Health Officer to call upon the Police Department to delegate an officer to investigate and submit for file a written report of the sewage conditions in any section or sections of the Town of Hampton as the Health Officer may deem necessary.

Article 17. To see if the Town will vote to amend Chapter 9, or any amendment thereto, of the Hampton Code of Ordinances adopted March 11, 1924, by the addition of the following section:

Section 4. Whenever any person shall apply for a building permit, he must submit plans for a method of sewage disposal, which plans must be approved by the Health Officer before the building permit is issued, and it shall be the duty of the Health Officer to see that these plans are carried into effect and filed for record.

Article 18. To see if the Town will vote to appoint a

Committee of Ten to study the question of the adoption of suitable zoning ordinances for the Town of Hampton.

Article 19. To see if the Town will vote to appoint a committee of seven to revise the Town Code of Ordinances so that the recent votes of the Town affecting the existing code, may be incorporated legally therein;

To make other necessary changes and to report at the next annual Town Meeting.

Article 20. To see if the Town will vote to authorize the Selectmen to take action according to the terms of leases, against certain or all lease holders, leasing land from the Town of Hampton, who have not paid their ground rent or taxes or both.

Article 21. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-seventh day of February in the year of our Lord 1933.

REPORT OF SPECIAL AUDITOR

To the Selectmen and Auditors
of the Town of Hampton, N. H.
Gentlemen:

I have completed an audit of the Books, Accounts and Records of the Town for the year ended January 31, 1933, and, as a result of the findings, I submit herewith this Report, which sets forth the operations for the period under review, also, a Balance Sheet as at January 31, 1933.

The attached exhibits are as follows: EXHIBIT:

"A" Balance Sheet as at January 31, 1933.

"B" Summary of Inventory April 1, 1932.

"C" Schedule of Town Property January 31, 1933.

"D" Report of Outstanding Debt January 31, 1933.

"E" Statement of Receipts and Payments for the Year
Ended January 31, 1933.

"F" Detail of Appropriations for the Year ended January 31, 1933.

"G" Detail Statement of Payments and Summary showing the Receipts and Payments to be in balance, January 31, 1933.

ASSETS

The Cash in the Treasury January 31, 1933 (\$30,594.65) was verified by a reconciliation of the Receipts and Disbursements as disclosed by the Cash Book with the Deposits and Withdrawals as listed on the Bank Statements.

The outstanding 1932 Tax Receipts were checked with individual amounts as entered in the Tax Collector's Commitment Book and Valuation Book, reflecting a total of unpaid 1932 Taxes and Costs of (\$15,106.59) January 31, 1933.

The Outstanding Tax Sales of Previous Years (\$3,975.83) and Land Rents of (\$3,108.00) were verified, and found to be correct.

LIABILITIES

The Outstanding Bonds and Notes aggregating (\$39,500.00) and Trust Fund Notes of (\$9,630.75), were verified, and found to be correct.

Exhibit "A"—Statement of Decrease of Net Debt, as follows:

Net Debt, January 31, 1932	\$36,967.99
Net Debt, January 31, 1933	14,869.63

Reduction of Net Debt, Year Ended

Jan. 31, 1933	\$22,098.36
---------------	-------------

GENERAL REMARKS

The Summary of Inventory April 1, 1932, was examined with the Individual items as set forth in the Valuation Book.

The items and values as disclosed by the Schedule of Town Property January 31, 1933, were accepted as being correct, as submitted by the Selectmen.

The Expenditures were kept within the Appropriations, with the exception of Election and Registration, and Street Lighting Appropriations, which it was necessary to overdraw.

In connection with the Exhibits of the Report, a careful examination was made of the various Accounts, and, in my opinion, the Statements attached, set forth a correct report of the Operations, for the Period under review.

Exhibit "A" also, fairly sets forth the Financial condition of the Town of Hampton, as at January 31, 1933.

The Statements embodied in the Report, subject to the comments in this Preface, I hereby certify to be correct and in accordance with the Books, Accounts and Records of the Town of Hampton, as at January 31, 1933.

Respectfully submitted,

SANFORD G. YORK,
Public Accountant.

Classification of visits:

Prenatal	81
Infants	102
Pre-school	288
Home visits (school)	678
Home visits (adults)	351
Communicable	3

We have been very fortunate as far as communicable diseases are concerned. We have had two cases of chicken pox and two cases of mumps. During the past month we have had an epidemic of the grippe which has covered the town quite thoroughly. However, at the present time it has subsided a great deal. In nearby towns we have had reports of scarlet fever and measles. I feel that we are very fortunate not to have had any of them in Hampton.

Last March, Dr. Robert Kerr of the N. H. T. B. Assoc. assisted by Miss Loretta Landry R. N. of Portsmouth, N. H., conducted an underweight clinic here. We examined twenty-nine children and two adults.

In the Spring I attended the Institute in Portsmouth under the American National Red Cross. This course was taught under the direction of Dr. Grant Hartzell of Washington, D. C.

We observed National Child Health Day by having a campaign on Diptheria. At school we had class-room talks besides a movie on diptheria. Later in the day I talked on the diptheria toxoid before the Hampton Monday Club. On May second we had our first Diptheria Toxoid Clinic under the direction of Dr. Weaver and Miss Clark of the N. H. State Board of Health. The second clinic came three

weeks later. One hundred and eighty-five immunizations were given.

On June twentieth we conducted our annual Child Health Conference.. This was held under the direction of Miss Clark on the State Dept. of Infancy, Maternity, and Child Hygiene. Forty children of pre-school age were examined at this conference.

The dental clinic was conducted as usual by Dr. G. Arthur Danforth of Manchester, N. H. I cannot stress too strongly the necessity of caring for the teeth of the growing girl or boy.

At the annual Children's Day celebration at Hampton Beach I had a First Aid tent near the children's playground. I was assisted in this work by two girls from the class in Home Hygiene and Care of the Sick.

In mid-summer I taught a course of First Aid under the direction of the American National Red Cross. This course was held at the Hampton Beach Fire Station and was attended by N. H. State police and the local firemen.

This Fall we completed our physical examinations of the school children under the direction of our local school physician, Dr. A. M. Fernald.

In December I talked over the station W. H. E. B. on the work carried on by the Home Hygiene department of the American National Red Cross. This same work has been carried on in the schools here for some time in the course in Home Hygiene and Care of the Sick which is taught to the girls of the ninth grade.

This ends my report of the activities and work accomplished during the year 1932. My sincere thanks and appreciation are extended to all persons who have aided me in the undertakings of the past year, both in the community as well as the school work.

It is a pleasure to serve people who are so cooperative and appreciative of the efforts toward better health.

Respectfully submitted,

ELIZABETH HILLS HAY, R. N.

EDGAR WARREN.

The treasurer's report has been examined, checked and approved by Sanford G. York, public accountant.

REPORT OF LIBRARIAN

I am pleased to submit to you my first report as librarian of Hampton Public Library for the period beginning February 1, 1932 and ending Jan. 31, 1933.

I wish to express my appreciation to the State of New Hampshire for the courtesy extended to me in giving me the opportunity to attend the three weeks' session of the Connecticut Summer Library School, held in July at New Haven, Conn. I have endeavored to give to the Library the greatest benefit of the instruction I received there. Mrs. Edgar C. Morse acted as substitute during my absence.

The open stack method appears to have met with the approval of the public. In addition to the card catalog of all the books in the library, there has been issued a pamphlet containing the accessions from November 1931 to January 1933.

Number of volumes added:

By purchase	334
By gift	25

The reading room is well patronized, the new magazine rack is quite attractive and lends an air of orderliness to the room.

The list of periodicals at present is as follows—American Boy, Atlantic, Baseball, Better Homes and Gardens, Bird Lore, Congregationalist, Christian Century, Child Life, Current History, Delineator, Exeter News-Letter, Flower Grower, Forum, Good Housekeeping, Harper's, Life, Literary Digest, Nation, National Geographic, Parents' Magazine, Popular Mechanics, Popular Science, Radio Digest, Rural New Yorker, Scientific American, Travel, Hampton Union, Union Signal, New England Poultryman.

I have received for fines \$66.15. Balance Feb. 1, 1932, \$5.28. Total \$71.43.. I have spent for necessary supplies \$49.35, leaving a balance of \$22.08.

Respectfully submitted,

MARGARET S. NOYES, Librarian.

REPORT OF TRUSTEES

For the first time in its history the library has received an adequate appropriation. In times past the library has been the "Little Orphan Annie" of the town's departments, and has thankfully accepted what the voters were willing to hand out to it.. The money at their disposal has enabled the trustees to make many improvements that were badly needed. Water has been introduced into the basement and excluded from coming in through the roof. A toilet and lavatory have been installed and a dry well dug for the waste water. The books have been catalogued, and now by referring to the cards in the cabinet any volume can be located instantly. The fourteenth edition of the Encyclopaedia Britannica, twenty-four volumes, has been purchased, and the library is now equipped with this standard work of reference. Many of the books purchased have been what is called "resewed," which adds greatly to their durability.

Should the town continue its present adequate appropriation, the trustees plan to substitute oil for coal and wood in heating the building. The cost should not be prohibitive. The present hot-air furnace will accommodate the oil-heating apparatus, and the expense for fuel will be no greater than at present. The advantages of oil over coal and wood are evident. No dust will come up through the floor to injure the books, as is unavoidable where coal is burned. There will be no unsightly piles of coal and wood in the basement, and the room can be used for the storage of books and pamphlets. Every library has in its collection

many books that are in little demand. These consist of Government and State reports and documents of all kinds. These take up room that should be devoted to more popular reading. They can be removed to the basement, where they will be accessible to anyone who wishes to consult them.

The insurance on the library building falls due this year and the premium on the policy will absorb \$100 of our appropriation.

As the report of the librarian will show, the circulation of volumes has been nearly fifty per cent greater than in previous years. This is doubtless due to two things: 1. the depression, which gives people more time to read; 2. the introduction of open-stacks, which allows free access to the treasures of the library. Many and many a time have we heard patrons exclaim: "How glad I am to get this book! I didn't know it was in the library."

While the increased circulation of books is gratifying, there is another side. The more books are circulated the faster they wear out. Consequently, an appropriation that would be adequate where ten thousand books are circulated in a year would be totally inadequate when the circulation mounts to fifteen thousand.

During the year the library has received the gift of valuable books for the reference room from Mr. Elbridge Watson, for which the trustees are grateful. Mrs. Lydia G. Lane remembered the library to the extent of \$500 in her will, and the money has been received and loaned to the town at $3\frac{1}{2}$ per cent. We hope that the good example of Mrs. Lane will be followed, and that other public-spirited citizens will remember the library. The greater our resources, the greater the service we can render to the community.

EDGAR WARREN,
SARAH M. LANE,
O. RAYMOND GARLAND.
